

BAR LAURA

VIENNA DESIGN WEEK Anniversary Tour – Milan

To celebrate its 20th anniversary, VIENNA DESIGN WEEK opens Bar Laura for just a few hours during Fuorisalone. Together with Viennese designer Laura Karasinski, the intervention transforms a Milanese bar into a temporary embassy for a special blend of Viennese qualities, character, and hospitality.

Bar Laura, is not just an Aperitivo but a setting that is just as carefully curated as it is improvised. For one evening only, it brings together people, objects and ideas in the relaxed way that Vienna and VIENNA DESIGN WEEK are known and loved for. Bar Laura exports the personal atmosphere that the festival thrives on.

Bar Laura is furnished with objects by Austrian designers – both emerging and established as well as historic – and is delighted to offer the iconic Sacherwürfel and unique paper cups by famed Viennese crystal manufacturer Lobmeyr (while supplies last). The event is accompanied by photographer Apollonia Bitzan.
